## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
Wentzville Fire Protection District  
Wentzville, Missouri

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Wentzville Fire Protection District, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Wentzville Fire Protection District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Wentzville Fire Protection District, as of December 31, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Wentzville Fire Protection District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Wentzville Fire Protection District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Wentzville Fire Protection District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Wentzville Fire Protection District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes in net pension liability and related ratios and schedule of contributions on pages 4A–4E and 26-29 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the budgetary comparison schedules - debt service and capital project funds and combining statements but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 27, 2022, on our consideration of the Wentzville Fire Protection District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Wentzville Fire Protection District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Wentzville Fire Protection District's internal control over financial reporting and compliance.

**WENTZVILLE FIRE PROTECTION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2021**

The discussion and analysis of the Wentzville Fire Protection District's financial performance provides an overview of the District's financial activities for the year ended December 31, 2021, within the limitations of the District's accrual basis of accounting. Please read it in conjunction with the District's financial statements.

**FINANCIAL HIGHLIGHTS**

- Based upon current year activity the net position for the Governmental Activities increased by \$2,925,502.
- Governmental Activities revenue was \$18,931,069.
- Governmental Activities property taxes represented \$17,580,456 of the total revenue total or 92.9%.
- Expenses for the General Fund were \$15,835,595.

**USING THIS ANNUAL FINANCIAL REPORT**

This annual report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District's accrual basis of accounting.

Report Components

This annual report consists of four major parts as follows:

**Government-Wide Financial Statements:** The Statement of Net Position and the Statement of Activities provide information about the activities of the District government-wide (or "as a whole") and present a longer-term view of the District's finances.

**Fund Financial Statements:** Fund financial statements focus on the individual parts of the District's government. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant ("major") funds. For *governmental activities*, these statements tell how these services were financed in the short term as well as what remains for future spending.

**Notes to the Financial Statements:** The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanations and detail regarding the information reported in the statements.

**Required Supplementary Information:** This Management Discussion and Analysis and the Budgetary Comparison Schedules represent financial information required to be presented by the GASB. Such information provides users of this report with additional data that supplements the government-wide statements, fund financial statements, and notes (referred to as "the basic financial statements").

**Other Information:** The other information is comprised of budgetary comparison schedules for the Debt Service and Capital Projects Funds and combining statements for the Pension Trust Funds. Such information provides users of this report with additional data that supplements the government-wide statements, fund financial statements, and notes.

**Federal Compliance Section:** The summary of auditors' results, summary of prior year audit findings and the report on *Government Auditing Standards* is found in this section.

Basis of Accounting

The District has elected to present its financial statements on the accrual basis of accounting. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be measurable and available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

### Reporting the District as a Whole

#### *The District's Reporting Entity Presentation*

This annual report includes all activities for which the Wentzville Fire Protection District is fiscally responsible. The primary government includes the following legal entity:

- Wentzville Fire Protection District

#### *The Government-Wide Statement of Net Position and the Statement of Activities*

One of the most important questions asked about the District's finances is "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all of the District's assets and liabilities resulting from the use of the accrual basis of accounting.

These two statements report the District's net position and changes in them. You can think of the District's position – the difference between assets and liabilities - as one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. You will also need to consider other non-financial factors, such as changes in the District's property tax base. In the Statement of Net Position and the Statement of Activities, we have one kind of activity:

*Governmental activities* - All of the District's basic services are reported here. Property taxes, permit fees and investment earnings finance all of the activities.

### Reporting the District's Most Significant Funds

The fund financial statements provide detailed information about the most significant funds - not the District as a whole. Some funds are required to be established by State law or by bond covenants. However, the District officials establish certain other funds to help control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

*Governmental funds* - The District's basic services are reported in the governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds report the acquisition of capital assets and payments for debt principal as expenditures and not as changes to asset and debt balances. The governmental fund's statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine (through a review of changes to fund balance) whether there are more or fewer financial resources that can be spent in the near future to finance the District's program. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in a reconciliation in the fund financial statements.

*Fiduciary Funds* - Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, or other governmental units and/or other funds. The District's Fiduciary Fund is not reflected in the government-wide financial statements because the resources of this fund are not available to support the District's own programs. The District's fiduciary fund is the Pension Trust Fund.

## A FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

### Net Position

The District's combined net position increased from \$20,325,279 to \$23,250,781 between years 2020 and 2021.

	<b>Governmental</b>		<b>Total</b>
	<b>Governmental Activities</b>	<b>Governmental Activities</b>	<b>Percentage Change</b>
	<b>2021</b>	<b>2020</b>	<b>2021-2020</b>
<b>Assets</b>			
Current and other assets	\$ 29,012,025	\$ 28,248,930	3%
Capital assets, net	19,553,334	20,845,716	-6%
Total assets	48,565,359	49,094,646	-1%
<b>Deferred Outflows</b>	766,730	684,643	12%
<b>Liabilities</b>			
Current liabilities	1,876,958	1,923,082	-2%
Long-term liabilities	23,699,977	27,099,419	-13%
Total liabilities	25,576,935	29,022,501	-12%
<b>Deferred Inflows</b>	504,373	431,509	17%
<b>Net position</b>			
Net investment in capital assets	(2,363,573)	(2,256,406)	5%
Restricted	2,086,608	2,018,496	3%
Unrestricted	23,527,746	20,563,189	14%
Total net position	\$ 23,250,781	\$ 20,325,279	14%

### Changes in Net Position

For the years ended December 31, 2021 and 2020, net position of the primary government changed as follows:

	<b>Governmental</b>		<b>Total</b>
	<b>Governmental Activities</b>	<b>Governmental Activities</b>	<b>Percentage Change</b>
	<b>2021</b>	<b>2020</b>	<b>2021-2010</b>
<b>Revenues</b>			
Program revenues:			
Permits	\$ 1,054,982	\$ 502,047	110%
Operating grants	238,874	110,305	117%
General revenues:			
Taxes	17,580,456	16,517,775	6%
Investment income	42,207	205,965	-80%
Miscellaneous revenue	14,550	12,381	18%
Total revenues	18,931,069	17,348,473	9%
<b>Expenses</b>			
Fire prevention and suppression	15,419,273	14,750,902	5%
Interest and fiscal charges	586,294	683,645	-14%
Total expenses	16,005,567	15,434,547	4%
Increase/decrease in net position	\$ 2,925,502	\$ 1,913,926	53%

## Governmental Activities

To aid in the understanding of the Statement of Activities, some additional explanation is given. Of particular interest is the format that is significantly different than a typical Statement of Revenues, Expenses, and Changes in Fund Balance. You will notice that expenses are listed first with revenues from that particular program reported below it. The result is a Net (Expense)/Revenue. The reason for this kind of format is to highlight the relative financial burden of each of the functions on the District's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees. All other governmental revenues are reported as general. It is important to note that all taxes are classified as general revenue even if restricted for a specific purpose.

### **A FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS**

The General Fund reported revenues of \$16,658,154 and expenditures of \$15,835,595, resulting in an increase in fund balance of \$822,559. During 2021 the District made a contribution of \$2,000,000 to fund the defined benefit pension plan.

The Debt Service Fund reported revenues of \$2,180,068 and expenditures of \$2,208,409, resulting in a decrease in fund balance of \$28,341.

The Capital Projects Fund reported revenues of \$112 and expenditures of \$161,292, resulting in a decrease in fund balance of \$161,180.

### General Fund Budgetary Highlights

Over the course of the year, the Board of Directors revised the General Fund budget. For the year ended December 31, 2021, General Fund expenditures were \$767,648 below final appropriations, while actual resources available for appropriation were \$767,648 above the final budgeted amount.

### **CAPITAL ASSETS AND DEBT ADMINISTRATION**

#### Capital Assets

At December 31, 2021, the District had \$19,470,357 invested in capital assets, net of depreciation, including buildings, equipment and vehicles. This represents a net decrease of \$1,375,359 or 7% below last year. Below is a summary of capital assets net of depreciation:

	<b>Capital Assets Net Of Depreciation</b>	
	<b>2021</b>	<b>2020</b>
Land	\$ 964,845	\$ 964,845
Buildings and improvements	17,082,870	17,781,112
Vehicles	1,238,708	1,818,920
Equipment	80,257	111,841
Office equipment	-	9,120
Furniture and fixtures	103,677	159,878
Total capital assets	<u>\$ 19,470,357</u>	<u>\$ 20,845,716</u>

## Long-Term Debt

At December 31, 2021, the District had \$23,350,000 in long-term debt compared to \$24,875,000 at December 31, 2020. This represents a decrease of 6%. All of the debt is related to governmental activities. Below is a summary of long-term debt:

	<b>Long-term debt</b>	
	<b><u>December 31, 2021</u></b>	<b><u>December 31, 2020</u></b>
General Obligation Bonds - Series 2014	\$ 3,600,000	\$ 3,800,000
General Obligation Bonds - Series 2015	3,800,000	4,000,000
General Obligation Bonds - Series 2016	7,750,000	8,100,000
General Obligation Bonds - Series 2017	7,700,000	8,200,000
General Obligation Bonds - Series 2018	500,000	775,000
Total long-term debt	<b><u>\$ 23,350,000</u></b>	<b><u>\$ 24,875,000</u></b>

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

For the year ending December 31, 2022, the general fund budget is fairly consistent with the December 31, 2021 budget. The Capital Projects fund budget will include the spending of the 2018 bond proceeds.

## **CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions concerning this report or need additional information, please contact the District at 502 Luetkenhaus Blvd, Wentzville, Missouri.

WENTZVILLE FIRE PROTECTION DISTRICT  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO  
THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED DECEMBER 31, 2021

Net change in fund balances - governmental funds \$ 633,038

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	65,211	
Depreciation expense	(1,440,570)	(1,375,359)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds

Deferred revenue	92,735	92,735

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in fund statements.

Current year change in net pension liability (assets)	2,069,578	
Current year change in deferred outflows	82,087	
Current year change in deferred inflows	(72,864)	
Compensated absences	(133,496)	
Interest payable	8,446	1,953,751

The issuance of long-term debt provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of the governmental funds. These amounts are the net effect of these differences in the treatment of long-term debt and related items:

Repayments:

Bonds payable	1,525,000	
Amortization of premiums on debt issuance	96,337	1,621,337

Change in net assets of governmental activities \$ 2,925,502

WENTZVILLE FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting and financial reporting policies of the Wentzville Fire Protection District (the District) conform to U.S. generally accepted accounting principles (GAAP) as applied to government entities. The following is a summary of the more significant policies.

Reporting Entity

The District provides fire protection and fire prevention services to its residents. It operates as a political subdivision, duly organized under laws of the State of Missouri, and is funded by real and personal property tax revenue, licenses, permits, and miscellaneous revenues. An elected board of directors, who regulate all major operations, oversees the District.

The District defines its financial reporting entity in accordance with the provisions of the Governmental Accounting Standards Board (GASB). The statement requirement for inclusion of component units is based primarily upon whether the District's governing body has any significant amount of financial accountability for potential component units. The District is financially accountable if it appoints a voting majority of a potential component unit's governing body and is able to impose its will on that potential component unit, or the potential component unit may provide specific financial benefits to, or impose specific financial burdens on, the District. Currently, the District does not have any component units.

Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. As a general rule the effect of interfund activity has been removed from these statements.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in fund financial statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Taxes, unrestricted interest earnings, gains, and other miscellaneous revenues not properly included among program revenues are reported instead as general revenues. Separate financial statements are provided for governmental funds.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be measurable and available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

WENTZVILLE FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and other than pension employment benefits are recorded only when payment is due.

Property taxes associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

Fund Accounting

Fund financial statements of the District are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, liabilities, fund equity, revenues, and expenditures. The government reports the following governmental funds:

General Fund

This fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund

This fund is a Special Revenue Fund used to account for the fulfillment of future debt service requirements, including the repurchase of outstanding bonds issued.

Capital Projects Fund

This fund is a Capital Projects Fund, which is used to account for cash received from bond proceeds and expenditures related to construction and other capital improvements.

Additionally, the government reports the following fiduciary fund type:

Pension Trust Fund – This fund is used to account for assets held by the District in a trustee capacity. The fund accumulates contributions from the District generated from a pension tax levy as well as earnings from the fund’s investments. The District’s Pension Trust Fund includes the assets of the defined benefit pension plan.

Cash and Cash Equivalents

The District considers all highly liquid debt instruments with a maturity of three months or less to be cash equivalents. Missouri State Statute requires that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits.

Investments

Investments are reported at market value. Statutes authorize the District to invest in time deposits, U.S. Treasury and federal agency securities, commercial paper, bankers’ acceptances and repurchase agreements. Certificates of deposit held at local banks with an original maturity in excess of three months are reported at cost and listed in the financial statements as certificates of deposit.

WENTZVILLE FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Interfund Activities

Interfund transfers represent interfund activities whereby the two parties to the transaction do not receive equivalent cash, goods, or services. Transfers should be reported as other financing sources and use on the Statement of Revenues, Expenditures and Change in Fund Balance. Any resulting balances at the end of the accounting period should be reported as internal balances. All interfund activity has been eliminated from the government-wide financial statements.

Post Employment Benefits

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District provides healthcare benefits to eligible former employees and eligible dependents. Certain requirements are outlined by the Federal government for this coverage. As of December 31, 2021 no former employees were on the health insurance plan. The premium is paid in by the District. This program is offered for a duration of 18 months after the termination date. The liability calculated was immaterial, therefore, the District has not recorded any post employment benefit liability as of December 31, 2021.

Allowance for Doubtful Accounts

The District calculates an allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance at December 31, 2021 was \$154,115.

Compensated Absences

It is the District's policy to permit employees to accumulate earned but unused sick time up to a maximum as described by policy. Accrued sick time is payable to employees upon termination. In the government-wide financial statements, the District accrues sick time when earned by the employee. The District grants vacation and personal time to all employees. Unused vacation and personal time lapses at year end.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has one type of item, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, the item, unavailable revenues, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from various sources. These amounts are deferred and recognized as an inflow of resources in the period that the amounts have become available.

In the government-wide financial statements, components of pension and other than pension employee expenses that are recognized over a period of time are classified as either deferred outflows of resources (using plan assets that are applicable to a future reporting period) or deferred inflows of resources (acquiring plan assets that are applicable to a future reporting period). Employer contributions subsequent to the measurement date of the net pension liability are required to be reported as deferred outflows of resources.

WENTZVILLE FIRE PROTECTION DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 DECEMBER 31, 2021

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Capital Assets

Capital assets, which include property and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value on the date of donation. The costs of normal maintenance and repairs, that do not add to the value of the assets or materially extend asset lives, are not capitalized.

Depreciation is being computed on the straight-line method, using asset lives as follows:

Assets	Years	Assets	Years
Buildings and improvements	15-30	Office equipment	3-5
Vehicles	7	Furniture and fixtures	7
Equipment	5-10		

Governmental Fund Balances

Fund balance is the difference between assets and liabilities in a Governmental Fund. In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Government Fund Type Definitions, the following types of fund balances are presented in the Governmental Funds Balance Sheet:

**Nonspendable** - the portion of a Governmental Fund’s net assets that are not available to be spent, either short term or long term, in either form or through legal restrictions. The nonspendable fund balance reported in the General and Capital Project Funds are for prepaid assets.

**Restricted** - the portion of a Governmental Fund’s net assets that are subject to external enforceable legal restrictions. The following account fund balance is restricted by bond funding: Debt Service and Capital Projects.

**Assigned** - the portion of a Governmental Fund’s net assets to denote an intended use of resources. The accounts presented with assigned fund balances are specified for future appropriations by the Board of Directors. The following fund comprises the assigned fund balance: General.

**Unassigned** - available expendable financial resources in a governmental fund that are not designated for a specific purpose. The following fund comprises the unassigned fund balance: General.

The District uses restricted amounts first when both restricted and unrestricted fund balances are available, unless there are legal contracts that prohibit doing this.

Net Position

Net Position represents the difference between assets and liabilities. Net investment in capital assets represents the cost of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. All other net position is reported as unrestricted. The District utilizes restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

WENTZVILLE FIRE PROTECTION DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 DECEMBER 31, 2021

**Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Uses of Estimates

The preparation of basic financial statements in conformity with the other comprehensive basis of accounting used by the District requires management to make estimates and assumptions that affect the reported amounts in the basic financial statements and the accompanying notes. Actual results could differ from those estimates.

**Note 2 - DEPOSITS**

Missouri Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of the collateral pledged must equal 100% of the deposits not covered by insurance or corporate surety bonds. At year-end, the carrying amount of the District's demand deposits totaled \$14,385,100 (including fiduciary cash of \$3,471,066) and bank balances totaled \$20,447,496. At year-end, the District also had certificates of deposit with local banks with a total carrying amount, valued at cost, of \$1,000,000. These are shown as certificates of deposit due to their original maturity dates.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District has a policy for custodial credit risk that follows Missouri Statutes for deposits. Of the bank balances, \$1,750,000 was insured by the Federal Deposit Insurance Corporation, and \$10,476,389 was covered by pledged collateral, which was held in the District's name. The remaining balance of \$9,221,107 was unsecured as of December 31, 2021. Of the unsecured balance \$3,471,066 is fiduciary cash and is not required to be secured by Missouri Statute.

**Note 3 - PROPERTY TAXES**

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and payable by December 31. The county collects the property tax and remits it to the District.

The assessed valuation of the tangible real, personal taxable and state assessed railroad and utilities property for the calendar year 2021 for purposes of local taxation was \$2,336,679,595. The tax levy per \$100 of the assessed valuation of tangible taxable property for the calendar year 2021 for purposes of local taxation is \$0.6399 and \$.0900 for the General and Debt Service Funds, respectively.

**Note 4 - INTERFUND RECEIVABLES/PAYABLES**

The composition of interfund balances as of December 31, 2021 is as follows:

Receivable Fund	Payable Fund	Amount
Debt Service Fund	General Fund	\$ 44,767
General Fund	Capital Projects Fund	2,583
Capital Projects Fund	Debt Service Fund	2,400

The interfund balances relate to costs incurred during operations and are expected to be repaid within one year.

WENTZVILLE FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**Note 5 - CAPITAL ASSETS**

The following is a summary of changes in capital assets - governmental activities:

	<u>Beginning Balances</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balances</u>
<b>Governmental activities:</b>				
Land	\$ 964,845	\$ -	\$ -	\$ 964,845

Governmental activity capital assets, net	<u>\$20,845,716</u>	<u>\$(1,375,359)</u>	<u>\$ -</u>	<u>\$19,470,357</u>

Depreciation expense of \$1,440,570 was charged to the function fire prevention and suppression.

**Note 6 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a member of Emergency Services Insurance Program (ESIP), which provides liability insurance coverage under one comprehensive plan for all members. The District pays an annual premium to ESIP for its general liability, public officials' errors and omissions, and automobile liability coverages. ESIP is self-sustaining through member premiums and reinsures with commercial companies for excess insurance. The District continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

WENTZVILLE FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**Note 7 - DEFINED CONTRIBUTION PLAN**

The District has a defined contribution pension plan, which covers all employees who meet the plan's eligibility requirements. An eligible employee becomes a participant in the plan on the first entry date following the later of the first anniversary of his/her employment commencement date and the completion of 1,000 hours of service, providing that the employee has attained age 18. The District is to contribute on behalf of each participant, 100% of such participant's elective deferral under the District sponsored Section 457 plan for each designated matching period within a plan year, not to exceed more than 6% in any given plan year. The District is also to contribute 14% of covered compensation to be allocated among eligible participants. Participants are fully vested upon contribution. District contributions to the plan for the year ended December 31, 2021 totaled \$1,365,773.

**Note 8 - DEFERRED COMPENSATION PLAN**

Employees of the Wentzville Fire Protection District may participate in a deferred compensation plan adopted under the provisions of Internal Revenue Service Code Section 457 (Deferred Compensation Plan With Respect to Service for State and Local Governments). The deferred compensation plan is available to all employees of the District. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or hardship. The plan assets are held in trust by Wells Fargo.

**Note 9 - DEFINED BENEFIT PLAN**

Plan Description

During 2019 the District implemented a single-employer, defined-benefit pension plan administered by the Retirement Plan Committee. The Plan provides retirement, death, and disability benefits to plan members and beneficiaries in accordance with the resolution establishing the Plan and may be amended. The District's Defined Benefit Plan issues a publicly available report that can be obtained by contacting the Wentzville Fire Protection District.

Eligibility

Employees shall become a participant on the later of date of hire or January 1, 2019. First responders are eligible at age 60 and all other participants are eligible at age 62.

Benefits Provided

The benefits are calculated as 1.5% of average annual compensation multiplied by years of service, up to a maximum of 20 years. Average annual compensation will be calculated by compensation earned in the highest 5 consecutive years out of the last 10 years. Payment under the basic form is life annuity with 10 years certain. For married participants only, a monthly income payable for the lifetime of the participant, with a monthly income continuing thereafter in (i) one-half (50%), or (ii) the same amount (100%) of the amount paid to the participant at the time of the participant's death to the participant's spouse.

WENTZVILLE FIRE PROTECTION DISTRICT  
 NOTES TO FINANCIAL STATEMENTS  
 DECEMBER 31, 2021

**Note 9 - DEFINED BENEFIT PLAN** (continued)

At December 31, 2021, the following employees were covered by the plan:

Covered members:			
Inactive employees entitled to but not yet receiving benefits	1		
Active employees	64		
Total Membership	<table style="width: 100%; border-collapse: collapse;"> <tr> <td style="border-top: 1px solid black; border-bottom: 3px double black;"></td> <td style="text-align: right; border-top: 1px solid black; border-bottom: 3px double black;">65</td> </tr> </table>		65
	65		

Contributions

The District must annually contribute an actuarially determined amount. The District authorized a \$2,750,000 contribution in 2021, or 39.34% of the \$6,990,292 in covered payroll.

Basis of Accounting

The Defined Benefit Plan's financial statements are prepared using the accrual basis of accounting.

Asset Valuations

Investments are reported at market value based on quoted prices at month/year end. Securities traded on a national or international exchange are valued at the last reported sale price at current exchange rates.

Actuarial Assumptions

The total pension liability in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Discount rate	5.00%
Investment rate of return	5.00%
Salary increases, including inflation	4.00%
Inflation	2.00%

The actuarial assumptions used in the December 31, 2021 valuation were based on the results of the actuarial experience study for the period January 1, 2021 to December 31, 2021. In addition, mortality rates were based on the PubS-2010 with generational improvements from 2010 based on MP-21.

The long-term expected rate of return on Plan investments was determined based upon a review of the existing portfolio structure, actual recent experience, and reasonable future long-term expectations of rates of return.

Discount Rate

The discount rate used to measure the total pension liability was 5.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Professional judgment on future contributions has been applied in those cases where contribution patterns deviate from the actuarially determined rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

WENTZVILLE FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**Note 9 - DEFINED BENEFIT PLAN** (continued)

Net Pension Liability

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a)-(b)
Balance, December 31, 2020	\$ 11,344,539	\$ 9,357,938	\$ 1,986,601
Changes for the year			
Service cost	675,923	-	675,923
Interest	601,023	-	601,023
Differences between expected and actual results	153,274	-	153,274
Change of assumptions	12,775	-	12,775
Net investment income (loss)	-	762,573	(762,573)
Contribution – employer	-	2,750,000	(2,750,000)
Changes in net pension liability (asset)	1,442,995	3,512,573	(2,069,578)
Balance, December 31, 2021	\$ 12,787,534	\$ 12,870,511	\$ (82,977)

The District's net pension liability was measured as of December 31, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability calculated using the discount rate of 5.00%, as well as 1% higher and 1% lower than the current rate.

	Discount Rate		
	1% Decrease (4.00%)	Current Rate (5.00%)	1% Increase (6.00%)
Net pension liability	\$ 2,185,954	\$ (82,977)	\$ (1,944,726)

Pension Expenses - Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2021, the District recognized pension expense of \$671,199. On December 31, 2021 the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 371,929	\$ -
Net difference between projected and actual earnings on pension investment	37,695	504,373
Changes of assumptions	357,106	-
Total	\$ 766,730	\$ 504,373

WENTZVILLE FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**Note 9 - DEFINED BENEFIT PLAN** (continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31,		
2022	\$	(69,100)
2023		(69,099)
2024		(87,948)
2025		19,929
2026		65,115
Thereafter		403,460
Total	\$	262,357

**Note 10 - FAIR VALUE MEASUREMENTS - PENSION FUND**

The Financial Accounting Standards Board establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described below:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Pension Fund has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices of similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

ETFs: Valued at the closing market price on the active exchange on which the securities are traded.

Certificates of deposit - brokerage: valued at an estimate of fair market value, as reported by the investment custodian.

Bonds: Valued by the investment administrator holding the corporate notes.

Guaranteed interest and stable value funds: calculated as the present value of future cash flows.

WENTZVILLE FIRE PROTECTION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**Note 10 - FAIR VALUE MEASUREMENTS - PENSION FUND** (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the District believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Pension Fund's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,414,948	\$ -	\$ -	\$ 32,414,948
Exchange traded funds	1,748,769	-	-	1,748,769
Corporate bonds	1,996,910	-	-	1,996,910
Certificates of deposit - brokerage	-	199,922	-	199,922
Guaranteed interest	-	-	658,155	658,155
Stable value	-	-	402,056	402,056
Total at fair value	<u>\$ 36,160,627</u>	<u>\$ 199,922</u>	<u>\$ 1,060,211</u>	<u>\$ 37,420,760</u>

The table below sets forth a summary of changes in fair value of the District's level 3 assets for the year ended December 31, 2021.

	Guaranteed Interest	Stable Value
Balance, beginning of year	\$ 628,312	\$ 534,309
Purchases, sales and settlements (net)	22,020	(139,505)
Earnings	7,823	7,252
Balance, end of year	<u>\$ 658,155</u>	<u>\$ 402,056</u>

Concentration of Credit Risk

The District has an investment that exceeds 5% of the total investments. The concentrations are as follows:

American Funds 2040 Trgt Date Retire R6	\$ 4,763,936
American Funds 2030 Trgt Date Retire R6	3,771,845
Vanguard 500 Index Admiral	3,713,144
Vanguard Total Bond Market Index Adm	2,677,418

WENTZVILLE FIRE PROTECTION DISTRICT  
 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
 DECEMBER 31, 2021

**Note 1 - BUDGETS AND BUDGETARY ACCOUNTING**

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. Prior to September 1, the Board of Directors prepares a proposed operating budget for the upcoming year. The operating budget includes proposed expenditures and the means of financing them.
- b. Open meetings of the Board of Directors are held to obtain taxpayer comments.
- c. Prior to December 31, the budget for the upcoming year is adopted by the Board of Directors.
- d. Budgets are adopted on a basis consistent with the modified cash basis of accounting.
- e. Any revisions that alter the total expenditures must be approved by the Board of Directors.
- f. Prior to year-end, the Board of Directors adopts an amended budget approving any additional expenditures, if necessary.
- g. The amended budget for the District is presented in the Budgetary Comparison Schedules
- h. All annual appropriations lapse at fiscal year-end.

**Note 2 - BASIS OF ACCOUNTING**

The budget is prepared on the modified accrual basis of accounting. Revenues and expenditures are reported when they result from cash transactions

**NOTE 3 - EXPENDITURES IN EXCESS OF BUDGET**

	Budget	Actual

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors  
Wentzville Fire Protection District  
Wentzville, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Wentzville Fire Protection District, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Wentzville Fire Protection District's basic financial statements, and have issued our report thereon dated May 27, 2022.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Wentzville Fire Protection District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Wentzville Fire Protection District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Wentzville Fire Protection District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Wentzville Fire Protection District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
